INTERIM UNAUDITED FINANCIAL STATEMENTS

For the period ended September 30, 2018

Counsel Portfolio Services Inc., the Manager of the Fund, appoints independent auditors to audit the Fund's Annual Financial Statements. Under Canadian securities laws (National Instrument 81-106), if an auditor has not reviewed the Interim Financial Statements, this must be disclosed in an accompanying notice. The Fund's independent auditors have not performed a review of these Interim Financial Statements in accordance with standards established by the Chartered Professional Accountants of Canada.

NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**1. FISCAL PERIODS AND GENERAL INFORMATION**

The information provided in these financial statements and notes thereto is for the six-month periods ended or as at September 30, 2018 and 2017 (as applicable), except for the comparative information presented in the Statements of Financial Position and notes thereto, which is as at March 31, 2018. In the year a series is established, 'period' represents the period from inception to the period end of that fiscal period. Refer to Note 10 (a) for series inception dates.

The Fund is organized as an open-ended mutual fund trust established under the laws of the Province of Ontario pursuant to a Declaration of Trust as amended and restated from time to time. The address of the Fund's registered office is 5015 Spectrum Way, Suite 300, Mississauga, Ontario, Canada. The Fund is authorized to issue an unlimited number of units (referred to as "security" or "securities") of multiple series. Series of the Fund are available for sale under Simplified Prospectus and/or exempt distribution options.

Counsel Portfolio Services Inc. (the "Manager" or "Counsel") acts as the Fund's manager and trustee.

2. BASIS OF PREPARATION AND PRESENTATION

These unaudited interim financial statements ("financial statements") have been prepared in accordance with International Financial Reporting Standards ("IFRS"), including International Accounting Standard 34 Interim Financial Reporting, as issued by the International Accounting Standards Board ("IASB"). These financial statements were prepared using the same accounting policies, critical accounting judgments and estimates as applied in the Fund's most recent audited annual financial statements for the year ended March 31, 2018. A summary of the Fund's significant accounting policies under IFRS is presented in Note 3.

These financial statements are presented in Canadian dollars, which is the Fund's functional currency, and rounded to the nearest thousand unless otherwise indicated. These financial statements are prepared on a going concern basis using the historical cost basis, except for financial assets and liabilities that have been measured at fair value.

These financial statements were authorized for issue by Counsel's Board of Directors on November 13, 2018.

3. SIGNIFICANT ACCOUNTING POLICIES**(a) Financial Instruments**

Financial instruments include financial assets and liabilities such as open-ended investment funds and derivatives. The Fund classifies and measures financial instruments in accordance with IFRS 9 Financial Instruments. Upon initial recognition, financial instruments are classified as fair value through profit or loss ("FVTPL"). All financial instruments are recognized in the Statements of Financial Position when the Fund becomes a party to the contractual requirements of the instrument. Financial instruments are derecognized when the right to receive cash flows from the instrument has expired or the Fund has transferred substantially all risks and rewards of ownership. As such, investment purchase and sale transactions are recorded as of the trade date.

Investments are designated on initial recognition as FVTPL with changes in fair value recognized in the Statement of Comprehensive Income – Net unrealized gain (loss).

The Fund's redeemable securities contain multiple contractual obligations and therefore meet the criteria for classification as financial liabilities. The Fund's obligation for net assets attributable to securityholders is presented at the redemption amount.

Realized and unrealized gains and losses on investments are calculated based on average cost of investments.

Gains and losses arising from changes in the fair value of the investments are included in the Statement of Comprehensive Income for the period in which they arise.

(b) Investments in underlying mutual funds

The Fund accounts for its holdings in underlying mutual funds at FVTPL. Counsel has concluded that the unlisted open-ended investment funds in which the Fund invests, do not meet the definition of structured entities.

(c) Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual fund securities of an underlying fund are valued on a business day at the price calculated by the manager of such underlying fund in accordance with the constating documents of such underlying fund.

The Fund's financial instruments carried at fair value are classified using the following fair value hierarchy:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and

Level 3 – Inputs that are not based on observable market data.

As at September 30, 2018 and March 31, 2018, all investments (consisting of mutual fund units) were classified as Level 1. There were no significant transfers between Level 1 and Level 2 during the periods.

(d) Income recognition

Distributions from underlying mutual funds are recorded on the declaration date. Distributions of Canadian dividends are included in dividend income. Capital gains distributions from underlying funds are included in Net realized gains (losses). Other distributions are included in interest and other income. Realized gains or losses on the sale of investments are calculated on an average cost basis.

Income, realized gains (losses) and unrealized gains (losses) are allocated daily among the series on a pro-rata basis.

(e) Offsetting

The Fund only offsets financial assets and liabilities in the Statement of Financial Position when there is a legally enforceable right to set-off the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. In the normal course of business, the Fund enters into various master netting agreements or similar agreements that do not meet the criteria for offsetting in the Statements of Financial Position but still allow for the related amounts to be set off in certain circumstances, such as bankruptcy or termination of the contracts.

Income and expenses are not offset in the statement of comprehensive income unless required or permitted to by an accounting standard, as specifically disclosed in the IFRS policies of the Fund.

(f) Net assets attributable to securityholders per security

Net assets attributable to securityholders per security is computed by dividing the net assets attributable to securityholders of a series of securities on a business day by the total number of securities of the series outstanding on that day.

(g) Net asset value per security

Net asset value per security is determined for the purchase and redemption of securities in accordance with the methods disclosed in the Fund's Simplified Prospectus and Annual Information Form. These methods may vary from valuation principles under IFRS. As at September 30, 2018 and March 31, 2018, there were no such differences.

(h) Increase (decrease) in net assets attributable to securityholders from operations per security

Increase (decrease) in net assets attributable to securityholders from operations per security in the Statements of Comprehensive Income represents the increase (decrease) in net assets attributable to securityholders from operations for the period, divided by the weighted average number of securities outstanding during the period.

(i) Mergers

The Fund applies the acquisition method of accounting for Fund mergers. Under this method, one of the Funds in each merger is identified as the acquiring Fund, and is referred to as the Continuing Fund, and the other Fund involved in the merger is referred to as the Terminated Fund. This identification is based on the comparison of the relative net asset values of the Funds as well as consideration of the continuation of such aspects of the Continuing Fund as: investment advisors; investment objectives and practices; type of portfolio securities; and management fees and expenses.

NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

The preparation of these financial statements requires management to make estimates and assumptions that primarily affect the valuation of investments. Estimates and assumptions are reviewed on an ongoing basis. Actual results may differ from these estimates.

Use of Judgments*Classification and measurement of investments and application of the fair value option*

In classifying and measuring financial instruments held by the Fund, the Manager is required to make significant judgments in order to determine the most appropriate classification in accordance with IFRS 9. The Manager has considered the Fund's business model, commitments to securityholders, and the manner in which investments are managed and evaluated as a group and has determined that irrevocable designation of financial instruments as financial assets or financial liabilities at fair value through profit or loss provides the most appropriate measurement and presentation of the Fund's investments and financial instruments.

Functional currency

The Fund's functional and presentation currency is the Canadian dollar, which is the currency considered to best represent the economic effects of the Fund's underlying transactions, events and conditions taking into consideration the manner in which securities are issued and redeemed and how returns and performance by the Fund are measured.

Structured entities

Counsel is required to make significant judgments in determining whether certain investments meet the definition to be classified as a structured entity. In making this determination Counsel has assessed the characteristics of these underlying investments and has considered the contracts or financing arrangements with these investments, the ability to influence the activities of these underlying investments or the returns it receives from investing in these entities.

5. INCOME TAXES

The Fund qualifies as a mutual fund trust under the provisions of the Income Tax Act (Canada) and, accordingly, is subject to tax on its income including net realized capital gains in the taxation year, which is not paid or payable to its securityholders as at the end of the taxation year. It is the intention of the Fund to distribute all of its net income and sufficient net realized capital gains so that the Fund will not be subject to income taxes other than foreign withholding taxes, if applicable. The Fund's taxation year end is December 15.

Losses of the Fund cannot be allocated to securityholders and are retained in the Fund for use in future years. Non-capital losses incurred may be carried forward up to 20 years to reduce taxable income and realized capital gains of future years. Net capital losses may be carried forward indefinitely to reduce future realized capital gains.

Refer to Note 10 (d) for a summary of the Fund's loss carryforwards.

6. MANAGEMENT FEES AND OPERATING EXPENSES

Counsel is paid a management fee for arranging for the management of the investment portfolio, providing investment analysis and recommendations, making investment decisions, making brokerage arrangements relating to the purchase and sale of the investment portfolio and making arrangements with registered dealers for the purchase and sale of securities of the Fund by securityholders.

Each series of the Fund is charged a fixed rate annual administration fee ("Administration Fee"), as applicable, and in return, Counsel bears all of the operating expenses of the Fund, other than certain specified fund costs.

Other fund costs include taxes (including, but not limited to GST/HST and income tax), interest and borrowing costs, all fees and expenses of the Counsel Funds' Independent Review Committee, costs of complying with the regulatory requirement to produce Fund Facts, any new fees related to external services that were not commonly charged in the Canadian mutual fund industry and introduced after October 29, 2018 (the date of the Fund's last Simplified Prospectus).

The management fee and Administration Fee are calculated for each series of securities of the Fund as an annualized percentage of the daily net asset value of the series. Refer to Note 10 (a) for the management fee and Administration Fee rates charged to each series of securities.

At its sole discretion, the Manager may waive management fees or Administration fees otherwise payable by a series.

7. FUND'S CAPITAL

The capital of the Fund is divided into different series with each series having an unlimited number of securities. The securities outstanding for the Fund as at September 30, 2018 and March 31, 2018 and securities issued, reinvested and redeemed for the period are presented in the Statements of Changes in Financial Position. Counsel manages the capital of the Fund in accordance with the investment objectives and strategies as discussed in Note 10 (b).

8. FINANCIAL INSTRUMENTS RISK**(a) Risk exposure and management**

The Fund's investment activities expose it to a variety of financial risks, as defined in IFRS 7 *Financial Instruments: Disclosures* ("IFRS 7"). The Fund's exposure to financial risks is concentrated in its investments, which are presented in the Schedule of Investments, grouped by asset type, with geographic and sector information.

The Manager seeks to minimize potential adverse effects of financial risks on the Fund's performance by employing professional, experienced portfolio advisors, by monitoring the Fund's positions and market events daily, by diversifying the investment portfolio within the constraints of the Fund's investment objectives and strategies, as disclosed in Note 10 (b). To assist in managing risks, the Manager also maintains a governance structure that oversees the Fund's investment activities and monitors compliance with the Fund's stated investment strategy, internal guidelines, and securities regulations.

(b) Liquidity risk

Liquidity risk arises when the Fund encounters difficulty in meeting its financial obligations as they come due. The Fund is exposed to liquidity risk due to potential daily cash redemptions of redeemable securities. In accordance with securities regulations, the Fund must maintain at least 85% of its assets in liquid investments (i.e., investments that can be readily sold). In addition, the Fund retains sufficient cash and short-term investment positions to maintain adequate liquidity. The Fund also has the ability to borrow up to 5% of its net assets for the purposes of funding redemptions.

Series Private Wealth securities are issued by the Fund on a prospectus-exempt basis to investors in the IPC Private Wealth program offered by IPC Securities Corporation, an affiliate of Counsel.

From time to time, these holdings may be rebalanced by either reducing an allocation to the Fund or eliminating such investments in the Fund entirely. In either case, depending on the size of the investment by a large investor, this could cause a significant redemption from the Fund. Meeting such a redemption may require the Fund to sell portfolio holdings. This could result in the Fund selling a particular holding before it has achieved the valuation sought by the Manager thus affecting Fund returns. This could also result in the Fund realizing capital gains on its holdings earlier than planned, which could result in capital gains distributed to investors in the Fund (which could result in income tax payable by the investor) that might not have occurred or might have occurred at a later date.

For the amounts held by and the changes thereto during the period pertaining to Series Private Wealth, please refer to the amounts disclosed in the Statement of Financial Position and Statement of Changes in Financial Position.

(c) Credit Risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund.

All transactions in listed securities are executed with approved brokers. To minimize the possibility of settlement default, securities are exchanged for payment simultaneously, where market practices permit, through the facilities of a central depository and/or clearing agency where customary.

The carrying amount of investments and other assets represents the maximum credit risk exposure as at the dates of the Statements of Financial Position.

The Fund's greatest indirect concentration of credit risk is to securities and derivatives held by underlying funds. For more information regarding the credit risk of underlying funds, refer to the Underlying Funds' financial statements available on the SEDAR website at www.sedar.com or at www.counselservices.com.

(d) Currency risk

Currency risk arises when the fair value of financial instruments that are denominated in a currency other than the Canadian dollar, which is the Fund's reporting currency, fluctuates due to changes in exchange rates. Note 10 (c) summarizes the Fund's exposure to currency risk, through its investments in underlying funds.

NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**8. FINANCIAL INSTRUMENTS RISK (continued)****(e) Interest rate risk**

Interest rate risk arises when the fair value of interest-bearing financial instruments fluctuates due to changes in the prevailing levels of market interest rates. Note 10 (c) summarizes the Fund's exposure to interest rate risk, through its investments in underlying funds.

(f) Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer, or all factors affecting all instruments traded in a market or market segment. All investments present a risk of loss of capital. This risk is managed through a careful selection of investments and other financial instruments within the parameters of the investment strategy. Note 10 (c) summarizes the Fund's exposure to other price risk, through its investments in underlying funds.

⁴ Securities of this series are not subject to sales charges or redemption charges.

⁵ The management fee for this series is 1.05% and is payable directly to Counsel generally through the monthly redemption of securities. On September 4, 2018, the management fee was reduced from 1.07% to 1.05%.

⁶ There are no management fees for Series Private Wealth. An investor must enter into an agreement to participate in the IPC Private Wealth Program and agree to pay certain asset-based fees.

⁷ Counsel may, at its discretion, waive or lower the management fee (either directly or indirectly) and/or administration fee payable by investors.

⁸ This series is available solely to those investing through a private client service offering from IPC Investment Corporation and IPC Securities Corporation.

⁹ Prior to October 27, 2017, this series was called Series D.

¹⁰ This series is designed for investors who want to receive a monthly cash distribution at an annualized rate of up to 8% per year.

(b) Investment Objectives and Strategies

The Fund invests in securities of a variety of Canadian, U.S. and international equity and fixed income mutual funds (the "Underlying Funds"). The Fund invests in securities of a variety of Canadian, U.S. and international equity and fixed income mutual funds. The Fund's asset class weightings will generally be 70 – 85% in equity securities and 15 – 30% in fixed income securities.

The Fund employs a passive investment strategy whereby investments in securities of other mutual funds are based on target asset weightings. The target weightings allocated to each Underlying Fund and the selection of Underlying Funds are based on several factors, including impact to the Fund's volatility and asset class diversification.

(c) Risks Associated with Financial Instruments**i. Currency Risk**

The Fund's investments in all Underlying Funds are denominated in Canadian dollars. However, the Underlying Funds are exposed to currency risk to the extent that their investments are denominated or traded in a foreign currency. As at September 30, 2018, had the Canadian dollar strengthened or weakened by 5.0% relative to all foreign currencies, with all other variables held constant, net assets would have decreased or increased by approximately \$15,777 or 3.5% of total net assets (March 31, 2018 – \$13,202 or 3.1% of total net assets). In practice, the actual trading results may differ and the difference could be material.

ii. Interest Rate Risk

As at September 30, 2018, had the prevailing interest rates raised or lowered by 1.0%, assuming a parallel shift in the yield curve, with all other variables held constant, net assets would have decreased or increased by approximately \$4,455 or 1.0% of total net assets (March 31, 2018 – \$4,799 or 1.1% of total net assets). The Fund's sensitivity to interest rate changes was estimated using the weighted average duration of the Underlying Funds' bond portfolios. In practice, the actual trading results may differ and the difference could be material.

iii. Other Price Risk

As at September 30, 2018, had the prices on the respective stock exchanges for the equity securities held by the Underlying Funds raised or lowered by 10.0%, with all other variables held constant, net assets would have increased or decreased by approximately \$31,303 or 6.9% of total net assets (March 31, 2018 – \$31,653 or 7.3% of total net assets). In practice, the actual trading results may differ and the difference could be material.

(d) Loss Carryforwards

As at the last taxation year-end, the Fund had no loss carryforwards available to offset future taxable income.

(e) Fund Merger

Effective the close of business on September 7, 2018, the Fund merged with Counsel Growth Portfolio Class (the "Terminating Fund"), a mutual fund managed by Counsel. The merger was approved by the Counsel Funds' Independent Review Committee. The merger was affected by transferring the net assets (primarily securities in other mutual funds) of the Terminating Fund in exchange for securities of the Fund at fair market value. Counsel paid the expenses incurred to affect the merger.
