**How Your Money Is Managed**

The international value equities investment specialist seeks to invest in securities that are trading below their estimated intrinsic value. Using a fundamental value investing philosophy, the intrinsic value of a stock is determined by analyzing financial statements, business prospects, management strength and identifying potential catalysts to realize shareholder value. Diversification is achieved through investments in a variety of sectors across the international market. Depending on the prevailing market conditions, Counsel International Value may also invest in equity and fixed income securities of issuers anywhere in the world.

**Investment Specialist**

One of the most important factors for Portfolio success is having the ideal investment specialist for your investment. The investment specialist selected for Counsel International Value is Mackenzie Investments<sup>1</sup>.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
