Key Reasons To Invest In This Fund

- Seeks to provide regular monthly income and the potential for long-term capital growth with a conservative level of investment risk.
- Seeks to reduce downside risk in market downturns.
- For Series A: Target annual distribution of \$0.01 paid monthly.
- For Series F/PWI: Target annual distribution of \$0.02 paid monthly.
- For Series I: Target annual distribution of \$0.03 paid monthly.

How Your Money Is Managed

Counsel Income Trend Strategy employs a proprietary trend-following strategy to move out of certain higher risk, higher yield investments during times of market stress, and into the safety of lower risk fixed income investments. This movement to lower risk investments is what gives the Fund its inherent downside protection. The strategy will automatically move back to its target allocation when signaled by the trend, which will enhance the Fund's yield-generating ability.

Utilities Select Sector SPDR ETF	4.29
Vanguard High Dividend Yield ETF	4.29
Vanguard FTSE Canadian High Dividend	4.29
Invesco Senior Loan ETF	3.14
Vanguard Real Estate ETF	3.00
SPDR S&P International Dividend ETF	1.84

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently, and past performance may not be repeated.

Distributions may be adjusted annually at the discretion of Counsel Portfolio Services.
