Portfolios designed to reduce the impact of market declines on the value of your investments, offer long-term growth potential and aim for steady retirement income.

PREPARE. PLAN. PROTECT.

Retire Predictably

Portfolios designed to reduce the impact of market declines on the value of your investments, offer long-term growth potential and aim for steady retirement income.

Counsel Retirement Portfolios are unique investment solutions, ideal for retired and pre-retirement investors who want an investment that seeks to minimize portfolio losses during periods of down markets. Every investor has a different tolerance for risk. As a result, the four Counsel Retirement Portfolios are designed to meet a range of risk tolerances and investment objectives to help meet your specific retirement goals.

Three of the Counsel Retirement Portfolios seek to help you protect and grow your retirement savings before you retire. The fourth, Counsel Retirement Income Portfolio, is designed for retired clients who want their investments to generate a predictable income stream, while aiming to minimize the impact of declines in the market.

THE COUNSEL ADVANTAGE

Counsel Portfolio Services believes strongly in the values of independence and objectivity in money management. Our strategy is to select money managers with successful and repeatable investment processes. We then help Advisors build investment portfolios by combining those managers into an optimized mix that meets investors' long term goals, while managing the risks taken in achieving those goals.

At the heart of our process is the view that our investment specialists must continue to earn a place in our portfolios, year after year. Because of this view, we conduct a regular and ongoing review process. This gives us the ability to objectively select and, when necessary, replace the investment specialists for each mandate. The result of this is that we are able to provide you with access to the expertise of some of the best money managers in the industry.
