COUNSEL STRATEGIC PORTFOLIOS

Portfolios that are optimally
allocated across various asset
classes, geographic markets and
investment styles.

Investment Solutions to help you meet *your* goals

A selection of portfolios that are allocated across various asset classes, geographic markets and investment styles.

Our continuous rebalancing and monitoring process is aimed at reducing investment risk while maximizing returns.

Counsel Strategic Portfolios offer you a wide array of investment solutions. The asset allocation structure is static in nature, but it is periodically reviewed to ensure relevance to the risk and reward objectives of a portfolio.

They combine value, growth, and trend following investment styles to optimize the trade-off between risk and reward, and maximize potential returns. No matter what your long-term financial goals may be, there is a Counsel portfolio that will meet your investment needs.

Because a well diversified portfolio should be greater than the sum of its parts.

THE COUNSEL ADVANTAGE

Counsel Portfolio Services believes strongly in the values of independence and objectivity in money management. Our strategy is to select money managers with successful and repeatable investment processes. We then help Advisors build investment portfolios by combining those managers into an optimized mix that meets investors' long term goals, while managing the risks taken in achieving those goals.

At the heart of our process is the view that our investment specialists must continue to earn a place in our portfolios, year after year. Because of this view, we conduct a regular and ongoing review process. This gives us the ability to objectively select and, when necessary, replace the investment specialists for each mandate. The result is that we are able to provide you with access to the expertise of some of the best money managers in the industry.

¹Target asset mix is approximate and subject to change, read the Simplified Prospectus for more information. For current asset mix see the most recent At a Glance reports.

²Regional allocation as at March 31, 2017. Updated annually.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the Fund Facts and Simplified Prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. The indices cited are widely accepted benchmarks for investment performance within their relevant regions, sectors or asset class, represent non-managed investment portfolios, exclude management fees and expenses related to investing in the indices, and are not necessarily indicative of future investment returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
