Key Reasons To Invest In This Portfolio

- Neutral investment strategy with a focus on long-term capital appreciation.
- Seeking exposure to Canadian, U.S. and international equities.
- Medium tolerance for risk.

How Your Money Is Managed

Your All Equity Portfolio is managed from a global perspective, with a style neutral investment strategy. We utilize a comprehensive multi manager approach, each with their own unique investment methodology. The optimal target mix is diversified by: asset classes, geographic regions, market capitalization, investment managers, styles and factors. We maintain the optimal target mix by strategically and automatically rebalancing the Portfolio regularly. The target weights of the Portfolio are periodically reviewed, utilizing capital market assumptions provided by an independent portfolio modelling service, to enhance the risk-return profile of the Portfolio.

*The asset allocation weights depicted above represent the neutral allocations to the Portfolio. The neutral allocation may comprise of a combination of investments in equities, fixed income securities, securities that are designed to track a market index or in other securities.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently, and past performance may not be repeated.
