**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS****1. FISCAL PERIODS AND GENERAL INFORMATION**

The information provided in these financial statements and notes thereto is for the six-month period ended or as at September 30, 2021 and 2020, except for the comparative information presented in the Statements of Financial Position and notes thereto, which is as at March 31, 2021, as applicable. In the year a series is established, 'period' represents the period from inception to the period end of that fiscal period. Refer to Note 9 (a) for series inception dates.

The Fund is organized as an open-ended mutual fund trust established under the laws of the Province of Ontario pursuant to a Declaration of Trust as amended and restated from time to time. The address of the Fund's registered office is 5015 Spectrum Way, Suite 300, Mississauga, Ontario, Canada. The Fund is authorized to issue an unlimited number of units (referred to as "security" or "securities") of multiple series. Series of the Fund are available for sale under Simplified Prospectus and/or exempt distribution options.

Counsel Portfolio Services Inc. (the "Manager" or "Counsel") acts as the Fund's manager and trustee.

**2. BASIS OF PREPARATION AND PRESENTATION**

These unaudited interim financial statements ("financial statements") have been prepared in accordance with International Financial Reporting Standards ("IFRS"), including international Accounting Standard ("IAS") 34, *Interim Financial Reporting*, as issued by the International Accounting Standards Board ("IASB"). These financial statements were prepared using the same accounting policies, critical accounting judgements and estimates as applied in the Fund's most recent audited annual financial statements for the year ended March 31, 2021. A summary of the Fund's significant accounting policies under IFRS is presented in Note 3.

These financial statements are presented in Canadian dollars, which is the Fund's functional currency, and are rounded to the nearest thousand unless otherwise indicated. These financial statements are prepared on a going concern basis using the historical cost basis, except for financial assets and liabilities that have been measured at fair value.

These financial statements were authorized for issue by Counsel's Board of Directors on November 11, 2021.

**3. SIGNIFICANT ACCOUNTING POLICIES****(a) Financial Instruments**

Financial instruments include financial assets and liabilities such as investment funds. The Fund classifies and measures financial instruments in accordance with IFRS 9 Financial Instruments. Upon initial recognition, financial instruments are classified as fair value through profit or loss ("FVTPL"). All financial instruments are recognized in the Statements of Financial Position when the Fund becomes a party to the contractual requirements of the instrument. Financial instruments are derecognized when the right to receive cash flows from the instrument has expired or the Fund has transferred substantially all risks and rewards of ownership. As such, investment purchase and sale transactions are recorded as of the trade date.

Investments are designated on initial recognition as FVTPL with changes in fair value recognized in the Statement of Comprehensive Income – Net unrealized gain (loss).

Realized and unrealized gains and losses on investments are calculated based on average cost of investments.

Gains and losses arising from changes in the fair value of the investments are included in the Statement of Comprehensive Income for the period in which they arise.

The Fund accounts for its holdings in underlying investment funds at FVTPL. Counsel has concluded that the investment funds in which the Fund invests, do not meet the definition of structured entities.

The Fund's redeemable securities entitle securityholders the right to redeem their interest in the Fund for cash equal to their proportionate share of the net asset value of the Fund, amongst other contractual rights. The Fund's redeemable securities meet the criteria for classification as financial liabilities under IAS 32, *Financial Instruments: Presentation*. The Fund's obligation for net assets attributable to securityholders is presented at the redemption amount.

IAS 7, *Statement of Cash Flows*, requires disclosures related to changes in liabilities and assets, such as the securities of the Fund, arising from financing activities. Changes in securities of the Fund, including both changes from cash flows and non-cash changes, are included in the Statement of Changes in Financial Position. Any changes in the securities not settled in cash as at the end of the period are presented as either Accounts receivable for securities issued or Accounts payable for securities redeemed in the Statement of Financial Position. These accounts receivable and accounts payable amounts typically settle shortly after period-end.

**(b) Fair Value Measurement**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual fund securities of an underlying fund are valued on a business day at the price calculated by the manager of such underlying fund in accordance with the constating documents of such underlying fund. The cost of investments is determined on a weighted average cost basis.

The Fund categorizes the fair value of its assets and liabilities into three categories, which are differentiated based on the observable nature of the inputs and extent of estimation required.

**Level 1** – Unadjusted quoted prices in active markets for identical assets or liabilities;

**Level 2** – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly including quoted prices on inactive markets and from recognized investment dealers; and

**Level 3** – Inputs that are not based on observable market data.

As at September 30, 2021 and March 31, 2021, all investments (consisting of mutual fund units) were classified as Level 1. There were no transfers between Level 1 and Level 2 during the periods.

**(c) Income recognition**

Distributions from underlying mutual funds are recorded on the declaration date. Distributions of Canadian dividends are included in dividend income. Capital gains distributions from underlying funds are included in Net realized gains (losses). Other distributions are included in Interest and other income. Realized gains or losses on the sale of investments are calculated on an average cost basis.

Income, realized gains (losses) and unrealized gains (losses) are allocated daily among the series on a pro-rata basis.

**(d) Net assets attributable to securityholders per security**

Net assets attributable to securityholders per security is computed by dividing the net assets attributable to securityholders of a series of securities on a business day by the total number of securities of the series outstanding on that day.

**(e) Net asset value per security**

Net asset value per security is determined for the purchase and redemption of securities in accordance with the methods disclosed in the Fund's Simplified Prospectus and Annual Information Form. These methods may vary from valuation principles under IFRS. As at September 30, 2021 and March 31, 2021, there were no such differences.

**(f) Increase (decrease) in net assets attributable to securityholders from operations per security**

Increase (decrease) in net assets attributable to securityholders from operations per security in the Statement of Comprehensive Income represents the increase (decrease) in net assets attributable to securityholders from operations for the period, divided by the weighted average number of securities outstanding during the period.

**(g) Future Accounting Changes**

Counsel has determined there are no material implications to the Fund's financial statements arising from IFRS issued but not yet effective.

**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS****4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

The preparation of these financial statements requires management to make estimates and assumptions that primarily affect the valuation of investments. Estimates and assumptions are reviewed on an ongoing basis. Actual results may differ from these estimates.

Ongoing uncertainty regarding the duration and long-term impact of the COVID-19 pandemic and the implementation of vaccination programs, as well as the efficacy of government and central bank monetary and fiscal interventions, may continue to affect the Fund's performance in future periods.

Use of Judgments

*Classification and measurement of investments and application of the fair value option*

In classifying and measuring financial instruments held by the Fund, the Manager is required to make significant judgments in order to determine the most appropriate classification in accordance with IFRS 9. The Manager has considered the Fund's business model, commitments to securityholders, and the manner in which investments are managed and evaluated as a group and has determined that irrevocable designation of financial instruments as financial assets or financial liabilities at fair value through profit or loss provides the most appropriate measurement and presentation of the Fund's investments and financial instruments.

*Functional Currency*

The Fund's functional and presentation currency is the Canadian dollar, which is the currency considered to best represent the economic effects of the Fund's underlying transactions, events and conditions taking into consideration the manner in which securities are issued and redeemed and how returns and performance by the Fund are measured.

*Structured entities and associates*

In determining whether an unlisted open-ended investment fund in which the Fund invests, but that it does not consolidate, meets the definitions of either a structured entity or of an associate, Counsel is required to make significant judgments about whether these underlying funds have the typical characteristics of a structured entity or of an associate. Counsel has assessed the characteristics of these underlying funds and has concluded that they do not meet the definition of either a structured entity or of an associate because the Fund does not have contracts or financing arrangements with these underlying funds and the Fund does not have an ability to influence the activities of these underlying funds or the returns it receives from investing in these underlying funds.

**5. INCOME TAXES**

The Fund qualifies as a mutual fund trust under the provisions of the Income Tax Act (Canada) and, accordingly, is subject to tax on its income including net realized capital gains in the taxation year, which is not paid or payable to its securityholders as at the end of the taxation year. It is the intention of the Fund to distribute all of its net income and sufficient net realized capital gains so that the Fund will not be subject to income taxes other than foreign withholding taxes, if applicable. The Fund's taxation year end is December 15.

Losses of the Fund cannot be allocated to securityholders and are retained in the Fund for use in future years. Non-capital losses incurred may be carried forward up to 20 years to reduce taxable income and realized capital gains of future years. Net capital losses may be carried forward indefinitely to reduce future realized capital gains.

Refer to Note 9 (d) for a summary of the Fund's loss carryforwards.

**6. MANAGEMENT FEES AND OPERATING EXPENSES**

Counsel is paid a management fee for arranging for the management of the investment portfolio, providing investment analysis and recommendations, making investment decisions, making brokerage arrangements relating to the purchase and sale of the investment portfolio and making arrangements with registered dealers for the purchase and sale of securities of the Fund by securityholders.

Each series of the Fund is charged a fixed rate annual administration fee ("Administration Fee"), as applicable, and in return, Counsel bears all of the operating expenses of the Fund, other than certain specified fund costs.

Other fund costs include taxes (including, but not limited to GST/HST and income tax), interest and borrowing costs, all fees and expenses of the Counsel Funds' Independent Review Committee, costs of complying with the regulatory requirement to produce Fund Facts, and any new fees related to external services that were not commonly charged in the Canadian mutual fund industry after the date of the Fund's most recently filed Simplified Prospectus.

Counsel may waive or absorb management fees and/or Administration Fees at its discretion and stop waiving or absorbing such fees at any time without notice. Refer to Note 9 (a) for the management fee and Administration Fee rates charged to each series of securities.

**7. FUND'S CAPITAL**

The capital of the Fund is divided into different series with each series having an unlimited number of securities. The securities outstanding for the Fund as at September 30, 2021 and 2020 (as applicable) and securities issued, reinvested and redeemed for the period are presented in the Statements of Changes in Financial Position. Counsel manages the capital of the Fund in accordance with the investment objectives and strategies as discussed in Note 8 (a).

**8. FINANCIAL INSTRUMENTS RISK****(a) Risk exposure and management**

The Fund's investment activities expose it to a variety of financial risks, as defined in IFRS 7 *Financial Instruments: Disclosures* ("IFRS 7"). The Fund's exposure to financial risks is concentrated in its investments, which are presented in the Schedule of Investments, grouped by asset type, with geographic and sector information.

The Manager seeks to minimize potential adverse effects of financial risks on the Fund's performance by employing professional, experienced portfolio advisors, by monitoring the Fund's positions and market events daily, by diversifying the investment portfolio within the constraints of the Fund's investment objectives and strategies, as disclosed in Note 9 (b), and where applicable, by using derivatives to hedge certain risk exposures. To assist in managing risks, Counsel also maintains a governance structure that oversees the Fund's investment activities and monitors compliance with the Fund's stated investment strategy, internal guidelines, and securities regulations.

The Fund employs a passive investment strategy whereby investments in securities of underlying investment funds are based on target asset weightings. Left unchecked, market fluctuations can cause the investments to diverge from these target weightings. Counsel monitors these divergences and, if they become significant, the Fund's investments are rebalanced back towards target weightings. The target weightings allocated to each underlying investment fund and their selection are based on several factors, including impact to the Fund's volatility and asset class diversification and may be subject to change based on Counsel's assessment of current market conditions.

**(b) Liquidity risk**

Liquidity risk arises when the Fund encounters difficulty in meeting its financial obligations as they come due. The Fund is exposed to liquidity risk due to potential daily cash redemptions of redeemable securities. In order to monitor the liquidity of its assets, the Fund utilizes a liquidity risk management program that calculates the number of days to convert the investments held by the Fund into cash using a multi-day liquidation approach. This liquidity risk analysis assesses the Fund's liquidity against pre-determined minimum liquidity percentages, established for different time periods. In addition, the Fund has the ability to borrow up to 5% of its net assets for the purposes of funding redemptions. In order to comply with securities regulations, the Fund must maintain at least 85% of its assets in liquid investments (i.e. investments that can be readily sold).

**(c) Credit risk**

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment into which it has entered with the Fund.

All transactions in listed securities are executed with approved brokers. To minimize the possibility of settlement default, securities are exchanged for payment simultaneously, where market practices permit, through the facilities of a central depository and/or clearing agency where customary.

The carrying amount of investments and other assets represents the maximum credit risk exposure as at the dates of the Statements of Financial Position.

The Fund's greatest indirect concentration of credit risk is to securities and derivatives held by underlying funds. For more information regarding the credit risk of underlying funds, refer to the Underlying Funds' financial statements available on the SEDAR website at [www.sedar.com](http://www.sedar.com) or at [www.counselservices.com](http://www.counselservices.com).

**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS****8. FINANCIAL INSTRUMENTS RISK (CONTINUED)****(d) Currency risk**

Currency risk is the risk that financial instruments which are denominated or exchanged in a currency other than the Canadian dollar, which is the Fund's functional currency, will fluctuate due to changes in exchange rates. Generally, foreign denominated investments increase in value when the value of the Canadian dollar (relative to foreign currencies) falls. Conversely, when the value of the Canadian dollar rises relative to foreign currencies, the values of foreign denominated investments fall.

The underlying Counsel equity funds follow a dynamic hedging strategy where it targets a hedge against foreign currencies, based on the Counsel's expectation of future exchange rates at that time. As of September 30, 2021, these underlying funds were targeting a hedge of 50.0% (March 31, 2021 – 37.5%) against the U.S. Dollar, 50.0% (March 31, 2021 – 50.0%) against the Euro, and 25.0% (March 31, 2021 – 25.0%) against the British pound. These hedging positions were closed in October 2021.

Note 9 (c) indicates the Fund's sensitivity to currency risk including potential indirect impacts from underlying investment funds in which the Fund invests. In practice, the actual trading results may differ and the difference could be material. Other financial assets and liabilities (including dividends and interest receivable, and receivables/payables for investments sold/purchased) that are denominated in foreign currencies do not expose the Fund to significant currency risk.

**(e) Interest rate risk**

Interest rate risk arises on interest-bearing financial instruments. The Fund is exposed to the risk that the value of interest-bearing financial instruments will fluctuate due to changes in the prevailing levels of market interest rates. Generally, these securities increase in value when interest rates fall and decrease in value when interest rates rise.

Note 9 (c) summarizes the Fund's exposure to interest rate risk had prevailing interest rates increased or decreased by 1%, assuming a parallel shift in the yield curve, all other variables held constant. In practice, the actual trading results may differ and the difference could be material. The Fund's sensitivity to interest rate risk illustrated includes potential indirect impacts from underlying investment funds.

**(f) Other price risk**

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer, or all factors affecting all instruments traded in a market or market segment. All investments present a risk of loss of capital. This risk is managed through a careful selection of investments and other financial instruments within the parameters of the investment strategy.

Other price risk typically arises from exposure to equity securities. Note 9 (c) illustrates the potential increase or decrease in the Fund's net assets, through underlying investment funds, had the prices on the respective exchanges for these securities increased or decreased by 10%, all other variables held constant. In practice, the actual trading results may differ and the difference could be material.

All figures stated in \$000s of Canadian dollars, except for Note 9(a), unless otherwise noted

**9. FUND SPECIFIC INFORMATION****(a) Series information**

Series	Date of Inception	Minimum Investment (\$)	Management Fee <sup>1</sup> (%)	Administration Fee <sup>5</sup> (%)
Series A <sup>1</sup>	January 15, 2002	1,000	2.00	0.31
Series F <sup>2</sup>	February 13, 2006	1,000	1.05	0.15
Series FT <sup>2,7</sup>	November 5, 2021	1,000	1.05	0.15
Series I <sup>2,3,5</sup>	March 1, 2006	1,000	–	0.15
Series Private Wealth <sup>4</sup>	February 27, 2014	–	–	0.15
Series Private Wealth I <sup>2,6</sup>	May 25, 2017	1,000	1.05	0.15
Series T <sup>1,7</sup>	September 4, 2018	1,000	2.00	0.31

<sup>1</sup> Series A and T are the only series subject to sales or redemption charges; these charges are based on purchase options chosen. Securities purchased under the sales charge option may be subject to a negotiated fee of up to 5% at time of initial purchase. Securities previously purchased under the redemption charge or low-load options may be subject to a redemption fee of up to 5% or 2% respectively (based on date of initial purchase); new securities are not available under these options but may be acquired through switching from other Counsel funds.

<sup>2</sup> A negotiable advisory or asset-based fee (plus sales taxes) is payable by investors to their dealer(s) in connection with the securities held in this series. The fee may be collected by Counsel from the investor's account through redemption of securities and remitted to the dealer at the investor's request. Alternatively, the dealer may collect it directly from the investor.

<sup>3</sup> The management fee for this series is 1.05% and is payable directly to Counsel generally through the monthly redemption of securities.

<sup>4</sup> There are no management fees for Series Private Wealth. An investor must enter into an agreement to participate in a discretionary managed program offered by IPC Securities Corporation and agree to pay certain asset-based fees.

<sup>5</sup> Counsel may, at its discretion, waive or lower the management fee (either directly or indirectly) and/or administration fee payable by investors. Individual investors may be eligible for a management fee reduction subject to meeting certain requirements as discussed in the Fund's Simplified Prospectus.

<sup>6</sup> This series is available solely to those investing through a private client service offering from IPC Investment Corporation and IPC Securities Corporation.

<sup>7</sup> These series are designed for investors who want to receive a monthly cash distribution at an annualized rate of up to 6% per year (8% per year prior to October 29, 2021).

**(b) Investment Objectives and Strategies**

The Fund invests in securities of a variety of Canadian, U.S. and international equity and fixed income mutual funds (the "Underlying Funds"). The Fund invests in securities of a variety of Canadian, U.S. and international equity and fixed income mutual funds. The Fund's asset class weightings will generally be 70 – 90% in equity securities and 10 – 30% in fixed income securities.

**(c) Risks Associated with Financial Instruments**

## i. Currency Risk

		Impact on net assets			
		Strengthened by 5%		Weakened by 5%	
		(\$)	(%)	(\$)	(%)
September 30, 2021	Currency rate sensitivity arising from Underlying Funds	(10,082)	(2.2)	10,082	2.2
March 31, 2021	Currency rate sensitivity arising from Underlying Funds	(10,811)	(2.6)	10,811	2.6
